

# Step-by-step Setup guide to set up a VPN (Best for Hulu in 2018)

## How to set up NordVPN?

If you have chosen the service for watching Hulu outside the USA or Japan, you should know the service is perfect for it.

*Follow these 4 simple steps below:*

#1 The first step you need to make is to enter the official website and choose one of the three main packages:

#2 Then you need to fill in the subscription form here and choose the most suitable payment method:

The image shows the NordVPN account creation and payment selection process. Step 2 is 'Create Secure Account', which includes fields for Email and Password. Step 3 is 'Select Your Preferred Method of Payment', which includes a 'Credit Card' section with fields for First Name, Last Name, Card Number, Expiration Date, CVV, and Postal Code. A 'Why Choose NordVPN?' section lists benefits such as Access over 600 Servers Worldwide, No Logs Policy, Connect 6 Devices At The Same Time, Ultra-fast Servers For Video Streaming, Onion Over VPN, and Double Encryption.

#3 After you have receive an email with your account credentials, you need to download and install the app. In “navigation” section you need to choose “download” link:

And you will be redirected to the page from where you will be able to download the app you need (make sure you have chosen the right OS version):

#4 Then you will have to see how to work with the app and all the functions it offers.

#4 Finally, connect via Nord VPN’s servers in the USA or Japan and unblock Hulu outside these countries.
